Preparation

Part Number: PT936-02200-XX

Kit Contents

Item #	Quantity Reqd.	Description
1	1	Front Driver Door Guard (Reference Pink Sticker)
2	1	Front Passenger Door Guard (Reference Blue Sticker)
3	1	Rear Driver Door Guard (Reference Green Sticker)
4	1	Rear Passenger Door Guard (Reference Yellow Sticker)

Hardware Bag Contents

Item #	Quantity Reqd.	Description
1	N/A	

Additional Items Required For Installation

Item #	Quantity Reqd.	Description
1	A/R	DIO: 70% Isopropyl Alcohol
		PPO: VDC Approved Cleaner
		at least 70% Isopropyl Alcohol
2	A/R	Disposable lint-free towels
3	A/R	Blue painter's masking tape
4	1	Scissors

Conflicts

None

Recommended Tools

Personal & Vehicle	Notes
Protection	
None	
Special Tools	Notes
PPO Magnetic Template	IADS $p/n = COR20-0002$
Sealant Adjustment Tool	IADS $p/n = HIG11-D5-03$
DIO Paper Door Templates	See last 4 pages of these
	instructions (Legal Size)
Nylon Removal Tool (NRT)	SST p/n =
	00002-06002-01
Installation Tools	Notes
12-oz. rubber mallet	IADS p/n =PRI10-D5-02
	Vaughn, $p/n = SF12$
Special Chemicals	Notes
VDC approved cleaner at	
least 70% Alcohol	

General Applicability

MY20 and newer Corolla/HV models

Recommended Sequence of Application

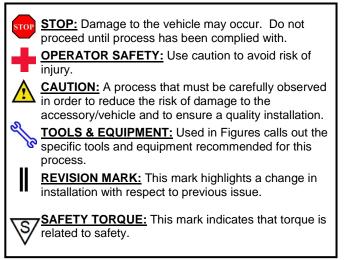

Item #	Accessory
1	Body Side Molding
2	Door Edge Guard

*Mandatory

Vehicle Service Parts (may be required for reassembly)

Legend

Care must be taken when installing this accessory to ensure damage does not occur to the vehicle. The installation of this accessory should follow approved guidelines to ensure a quality installation.

These guidelines can be found in the "Accessory Installation Practices" document.

This document covers such items as:-

• Vehicle Protection (use of covers and blankets, cleaning chemicals, etc.).

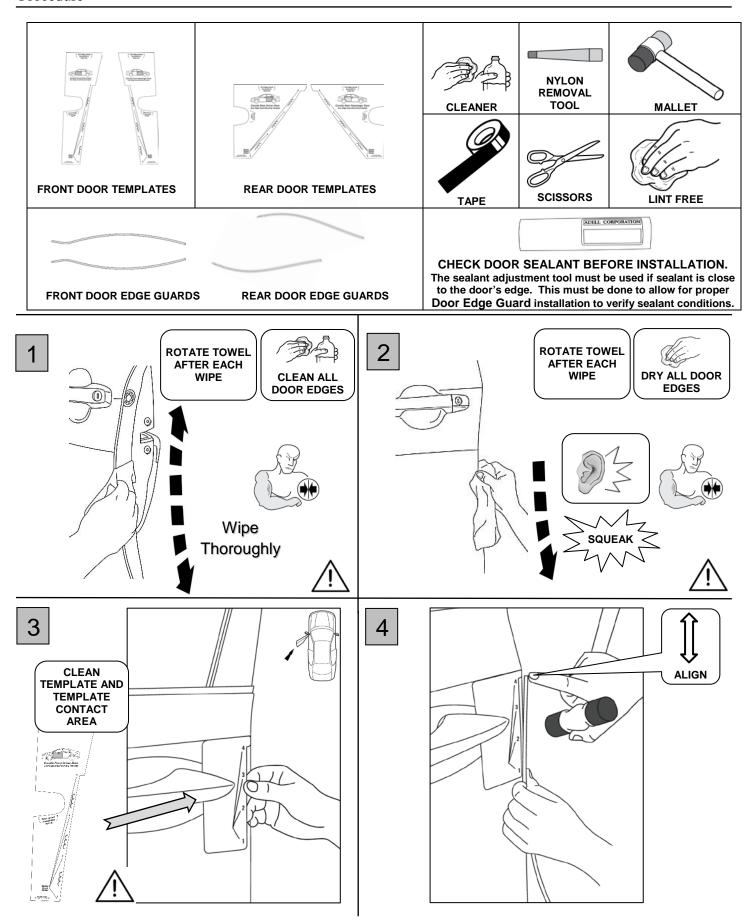

Safety (eye protection, rechecking torque procedure, etc.).
Vehicle Disassembly/Reassembly (panel removal, part

storage, etc.).

• Electrical Component Disassembly/Reassembly (battery disconnection, connector removal, etc.).

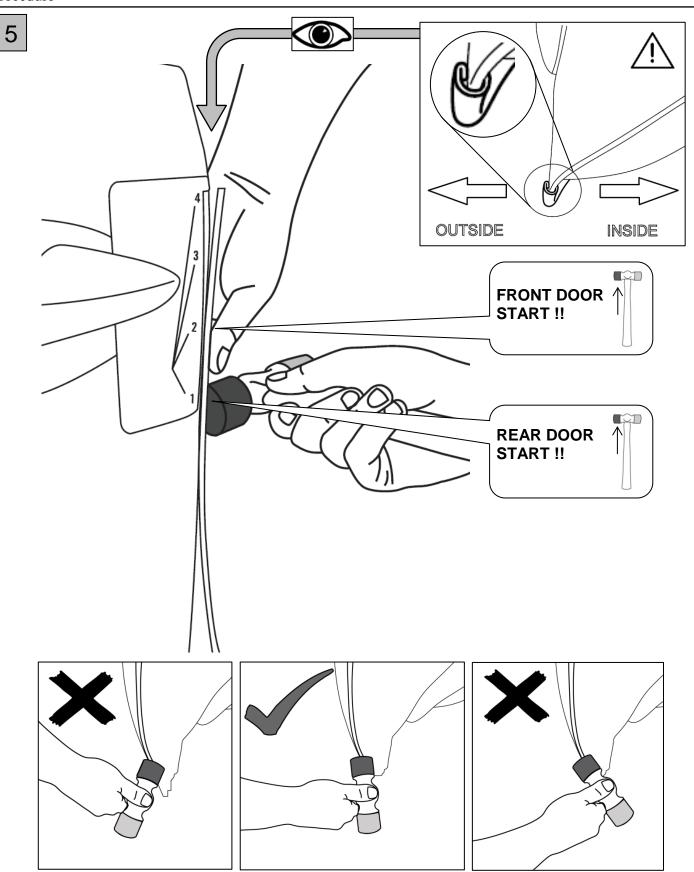

Vehicle Images shown below are generic and may not match actual vehicle.

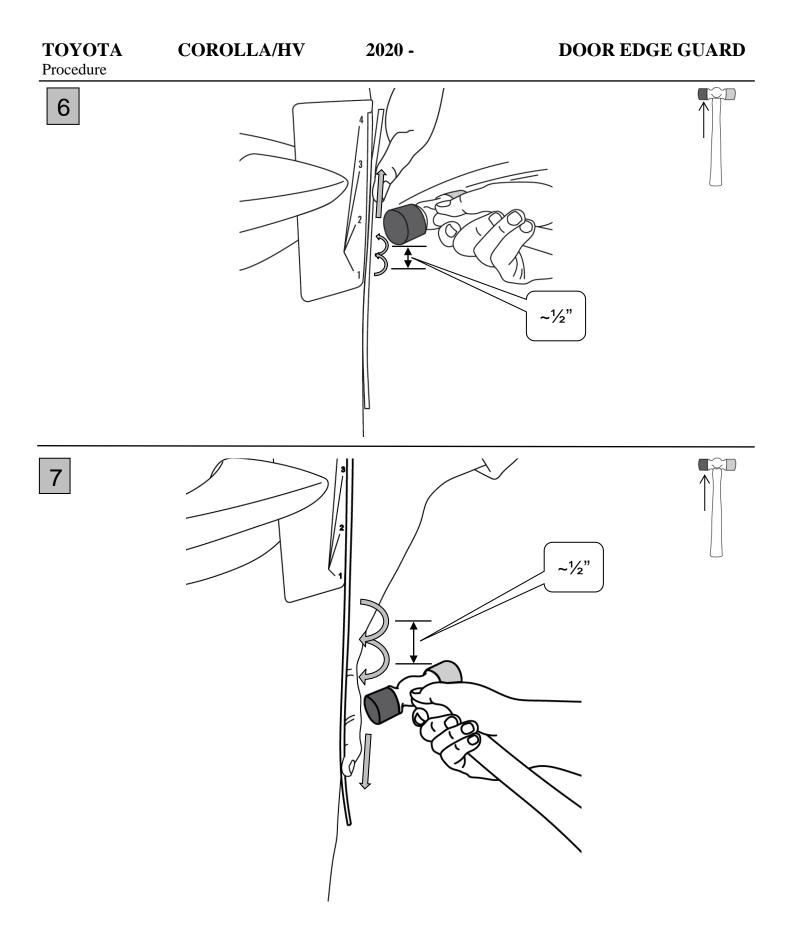

Please see your Toyota dealer for a copy of this document.

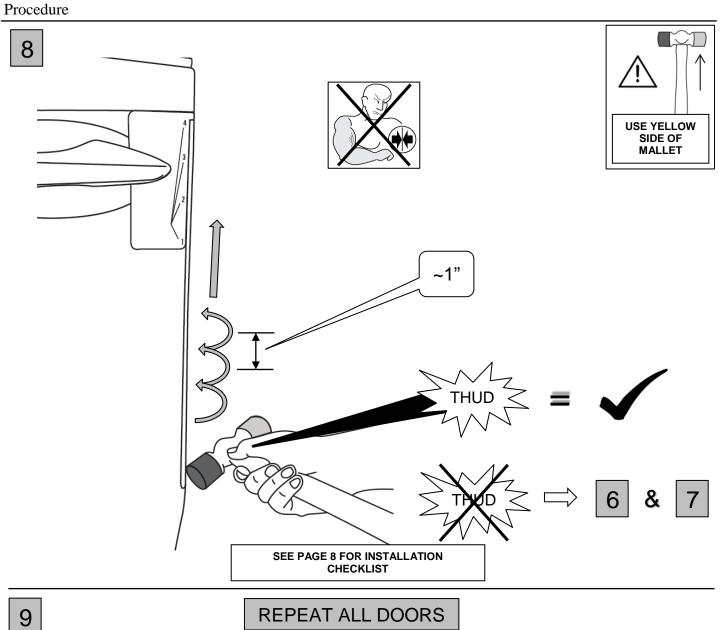

DOOR EDGE GUARD

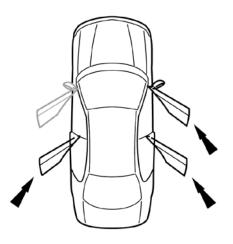

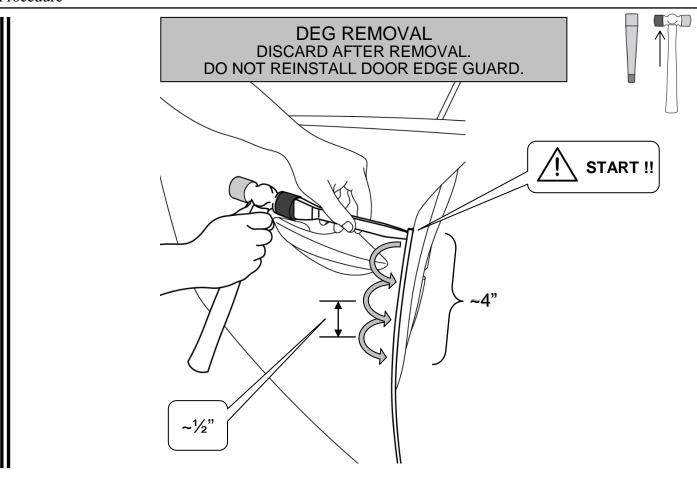

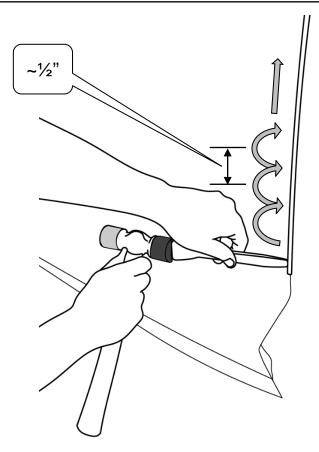

ΤΟΥΟΤΑ

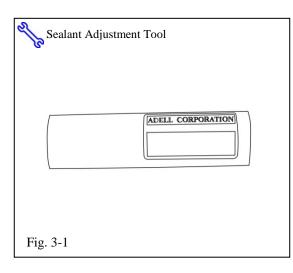

TOYOTA

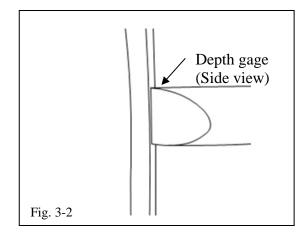

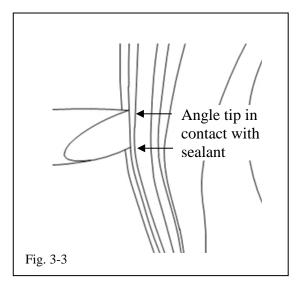

THIS PAGE PPO ONLY

NOTE: Use the adjustment tool to verify if sealant is close to the door's edge. This must be done prior to **Door Edge Guard** installation to allow for proper fit (Fig. 3-1).

Align the adjustment tool to the edge of the door, with the angle edge positioned toward the inside of the door (Fig. 3-2).

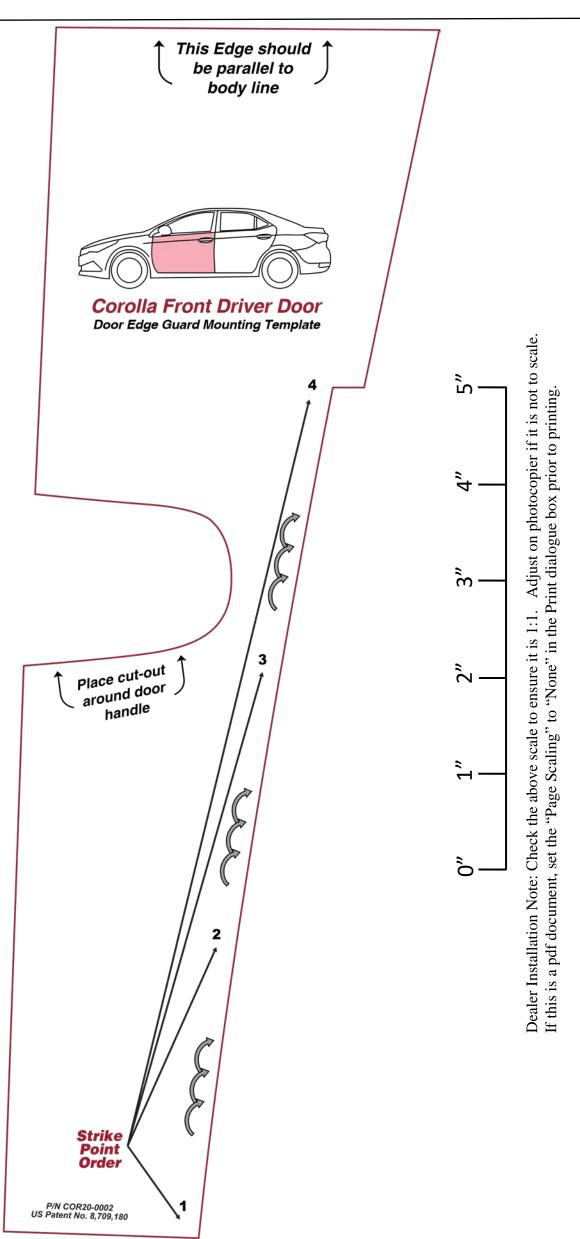

Use the adjustment tool as a depth gage down the entire length of the door's edge. This is to verify that the sealant material is back away from the edge of the door to allow for proper Door Edge Guard installation.

Sealant Issue: To push back sealant; align the adjustment tool to the edge of the door, with the angle edge positioned toward the inside of the door (Fig. 3-3).

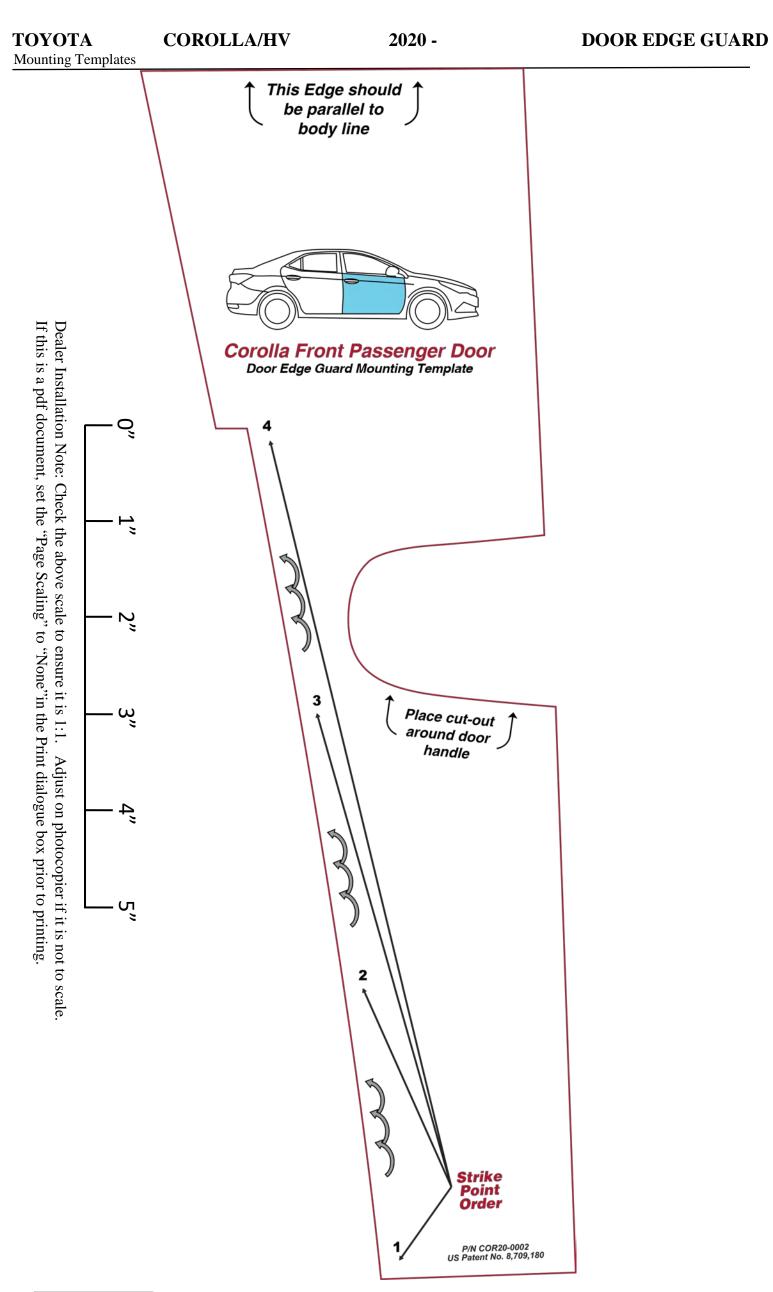

With the adjustment tool angle tip in contact with the sealant material, push the adjustment tool inward so that the notched section of the tool is in complete contact with the door's edge. Continue down the door's edge or sections of the door's edge that requires adjustment.

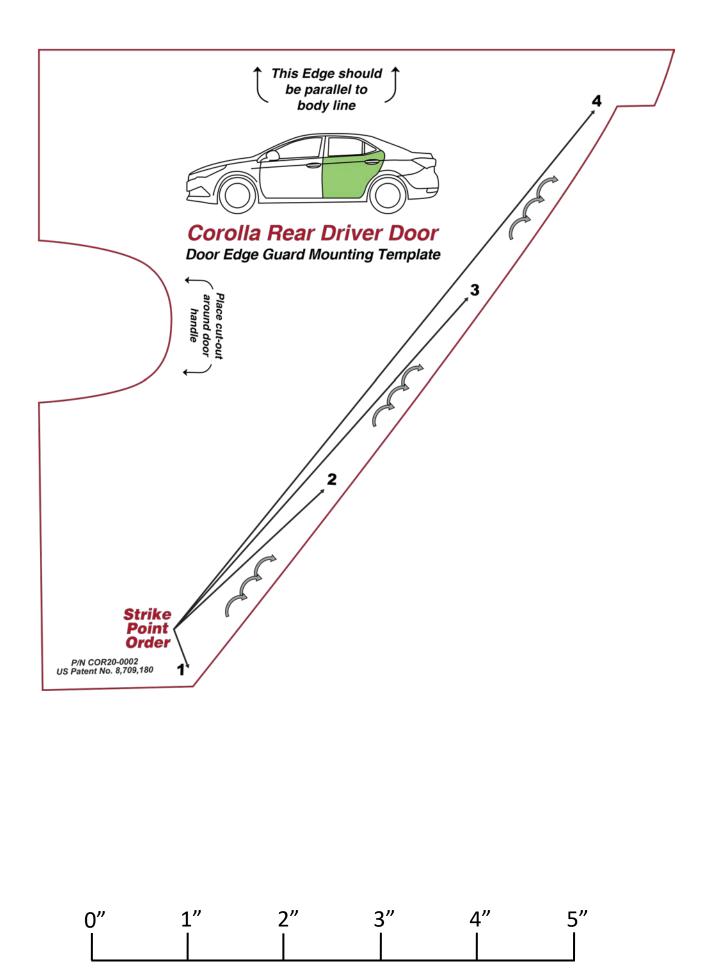

Checklist - these points **MUST** be checked to ensure a quality installation.

Check:	Look For:
Accessory Function Checks	
Confirm all Door Edge Guards are fully seated.	Look for a fairly consistent gap between the DEG and adjoining vehicle panels.
	Gently use forefinger and thumb to pull Door Edge Guard to ensure it is properly seated. Please follow the top, middle and bottom sequencing to gently pull the Door Edge Guard.
	NOTE: Normal vehicle manufacturing tolerances may exist that are not a consequence of an improperly seated DEG installation.
Vehicle Function Checks	
Vehicle door operation.	Confirm both doors open and close without interference from DEG or Body Side Molding (if installed).
Vehicle Appearance Check After accessory installation and removal of protective cover(s), perform a visual inspection.	Ensure no damage (including scuffs and scratches) was caused during the installation process. (For PPO installations, refer to TMS Accessory Quality Shipping Standard.)

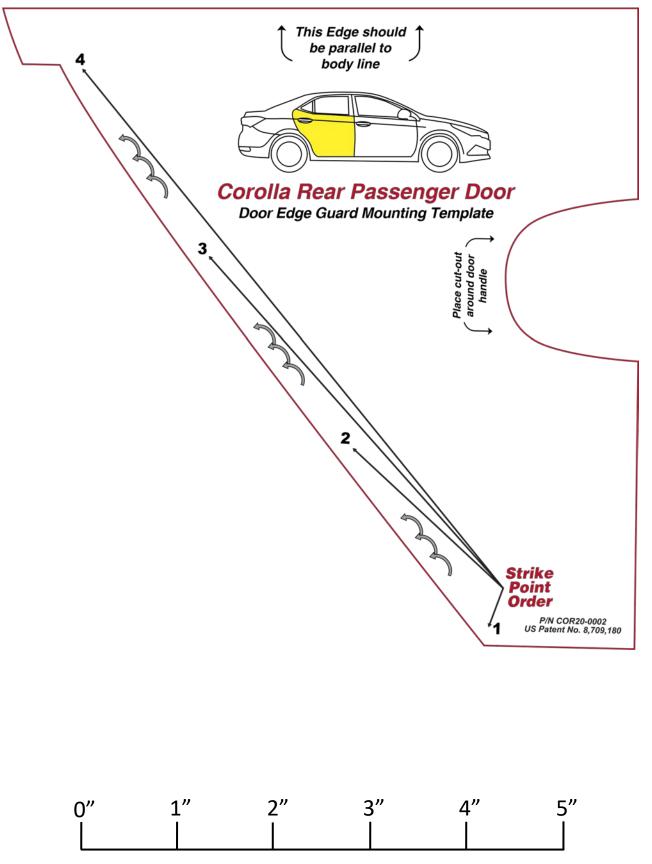

Issue: B 02/21/2019

Dealer Installation Note: Check the above scale to ensure it is 1:1. Adjust on photocopier if it is not to scale. If this is a pdf document, set the "Page Scaling" to "None" in the Print dialogue box prior to printing.
